Outcomes from this program will be used in a study done in partnership with the University of Calgary. The University of Calgary Conjoint Faculties Research Ethics Board has approved this study (REB21-1704). we will use the data from the pre and post assessments, parent questionnaires, and observational data from our instructors to guide our research. All identifying information will be removed before being reviewed by our researchers. The Foothills Academy Instructors will know the names of the children and their respective parents.
