Scuba Diving Experience: The Dive Shop

Dear Parent/ Guardian.

I am planning to take the Grade 9 - 12 students on a scuba diving experience at the Dive Shop in Calgary. This facility has a dive pool on site where we will participate in the discover scuba program. Students will have dry land training in the safety of scuba diving and learn how to put the equipment together. This is part of the PE curriculum; applying skills in an alternative environment and it is a fantastic opportunity for our students. Transportation will be provided by Southland Transport Co.
