

2024 Program Coordinator Job Description

About Us

For over 40 years, Camp Amicus has provided impactful and life-changing camp experiences for children, teens, and youth with Learning Disabilities, ADHD, and related diagnoses. It is a place where participants are seen and understood for who they are, with individual supports in place for each camper to find understanding, build confidence and maximize their potential. All programs at Amicus are based on current evidence-based and peer-reviewed models and interventions.

About You

Camp Amicus is not only a place for our campers to grow but for our staff to grow too! We are passionate about helping staff develop new skills and find their passions within their role at Camp Amicus. Amicus staff are defined by their desire to grow, take responsibility for any missteps (we all make mistakes!), are flexible when changes happen, communicate with others clearly and honestly, and are self-starters. Amicus is not limited to folks with a set background in working with children, or camp/recreation programs. We appreciate having staff with little or no experience joining our team who want to learn as they often provide new perspectives on our programs, policies, and how Amicus can be successful.

Position Summary

The Program Coordinator (PC) role is a unique and multi-faceted position that requires collaboration, organization, initiative and flexibility. While working closely with the Counsellor Coordinator, the PC's role is to lead and organize camp-wide activities such as camp-wide game and field trips, to set the staff schedule for programming and breaks, give and implement feedback related to programs, and to create camper groups for our Club and Choice programs. In addition, the PC is responsible for helping prepare, inventory and maintain program resources.

While the PC works collaboratively within the leadership team, they must be able to take initiative with complex tasks and accomplish them independently. The PC must be able to prioritize between many responsibilities while delegating other tasks. This not only ensures the task is completed, but by delegating the PC empowers, builds confidence and increases the leadership abilities of the team.

We take the development of our camp staff seriously, through over 100 hours of paid training and industry certifications such as SIVA Training (Supporting Individuals through Valued Attachments) and structured supervision and mentorship plans for each staff member.

Note: For 2024 we will provide both overnight and day camp programming. Staff hired may give their preference as to which program they prefer to work. While we try our best to accommodate staff's program of choice, there is no guarantee that is where they will be placed.
